### Our Story

SheaMoisture is the legacy of Sofi Tucker, a pioneering mother of four and entrepreneur, who sold Shea Butter, African Black Soap and homemade beauty preparations in Sierra Leone in 1912. We honor her vision by continuing to formulate with Shea Butter handcrafted by women in Africa. With every purchase you show support of our mission to reinvest back in our communities.

This reparative leave-in conditioner softens and detangles hair while reducing frizz. Perfect for those who regularly color, straighten, perm or heat style their hair, as well as kinky, curly or wavy natural styles. Formulated with Jamaican Black Castor Oil and Fair Trade Shea Butter, our leave-in conditioner helps to nourish, moisturize and support elasticity so hair resists breakage when detangling. Conditioners provide a protective layer that improves the appearance of split ends. Peppermint stimulates the scalp for an invigorating experience.

Apply to clean, towel dried hair. Work a generous amount of product into hair from root to ends. Gently comb through for even distribution. Do not rinse. Apply additional product as needed depending on hair length and condition.
