

Want Care & Protection when you blow dry or style your hair? Have both.

WHY USE CARE & PROTECT SPRAY?

Professional quality formula helps protect hair from damage while hairdrying and heat styling. Contains a heat activated complex to help protect hair when drying and straightening. Helps prevent hair becoming brittle and dull, reduces breakage by up to 82% with continued use***.

OUR EXPERTS' TIPS

• Prep your hair with your favourite TRESemmé Shampoo and Conditioner. • For soft, shiny results, spray evenly through damp hair. • Use a brush to pull hair straight and blow dry from roots to ends. • For a really smooth finish, use a hairdryer with a concentrator nozzle. • Finish style with your favourite TRESemmé hairspray.
SE/DK/NO: Värmskyddande spray. Spraya jämnt/jämnt i fuktigt hår.
FIN: Lämpösuojasuihke. Suihkuta tasaisesti kosteisiin hiuksiin.
PT: PROTETOR DE CALOR CARE AND PROTECT: Agita bem a embalagem, e aplica uniformemente sobre o cabelo húmido. Use uma escova redonda juntamente com o secador ao longo do cabelo, para um resultado naturalmente suave e brilhante. Para um resultado ultra suave, use o secador com um concentrador de fluxo, termina com a tua laca preferida TRESemmé.
